Guardian Abilities

Normal Atk

Heavenhold's Protector

She uses two types of attack mode. Beam Magnum: Fires multiple energy beams in rapid succession. Beam Cannon: Fires an energy beam that penetrates the enemy. ESP Drone: Launches enemy chasing drones that fire lasers to inflict damage.

Nano Blast: Shoots nanoparticles to inflict ranged damage on enemies. On the last attack, restores her own HP. NT-Drone: Sends a drone to the party member with the lowest HP and restores the HP of the target as well as nearby party members. The negative Effects on the target with the drone are removed.

Chain Skill - Injured ⇄ Airborne

Dark Thunder

Drops a black lightning that inflicts 250% of DPS damage and reduces dark type resistance by 30% for 5 second(s). Cuts through enemy with a light blade to inflict melee damage that's 525% of DPS.

Special Ability

Defensive Magic

When hit by enemies, there is a 25% chance to decrease damage taken by 40%. When her mana is no longer unleashed, creates a 15% shield for all allies that stays up for 4 seconds.

Ex Weapon

Formidable Courage

[Horn Huntress Toga only]

On Flame Shot's hit, fire type resistance is reduced by 20% for 3 seconds and the black goat emblem's lasting time is increased by 6 seconds. Upon maximum overlap of black goat emblem, Atk is increased by 20% for 8 seconds. This activates once every 6 seconds.

ВАЗ-2101

ЧТО ОБОЗНАЧАЮТ ЭТИ ИНДЕКСЫ?

ВАЗ-2101

2

2 — класс
автомобиля

1

1 — тип
автомобиля

01

01 — порядковый
номер модели

ЧТО ПОЛУЧАЕТСЯ?

ВАЗ-2101 = легковой автомобиль
малого класса, модель №01.

Именно поэтому «2101» — это не случайный набор цифр. В советской системе индексации по номеру можно было понять класс и тип автомобиля, а последние две цифры указывали на модель.

ИНТЕРЕСНО:

в народе эту машину гораздо чаще называли просто «копейкой», чем «2101».
